

Clinical or Community Partnerships

Lee College ADN

San Jacinto Methodist Hospital, Baytown, TX

Partnership with clinical affiliates for an RN transitional program project for the VN staff at San Jacinto Methodist Hospital. Classes will be delivered via interactive broadcast in conjunction with the regularly scheduled RN-Transition program. San Jacinto Methodist Hospital is providing faculty salary & preceptors for the clinical experience. A Lee College faculty member will serve as a mentor to work with the students outside of the class.

Approximate cost of implementing and maintaining partnership: one faculty member for class and one faculty member for clinical experiences

Grant monies used: no

Expected benefits from partnership:

- hospital nursing staff will be upgraded from LVNs to RNs

Challenges from partnership:

- retain and graduate the LVNs in this project
